

CONTROL CIRCUIT TRANSFORMERS

SERIES CCT PRODUCT PROFILE

Discover c3controls' exceptional line of **Control Circuit Transformers**, meticulously engineered to meet the needs of residential and commercial HVAC/Building Management Systems (BMS), as well as a wide array of industrial applications. Our innovative design approach not only ensures top-tier performance but also introduces these products at unprecedented, budget-friendly prices. Dive into the rich tapestry of features that this product line unfolds, and experience excellence like never before.

DELIVERING SUPERIOR PRODUCT QUALITY AND MANUFACTURING EXCELLENCE

✓ Proven	Our Series CCT Control Circuit Transformers are UL Listed and CE marked to meet global standards requirements and are compliant to the RoHS directives. 
✓ Easy to Install	Panel-mountable with four screws, one in each corner, for fast and simple installation as well as reliability in vibrating environments.
✓ Visible Certifications	Our product certifications and electrical ratings are clearly marked on the outside of the device for easy reference during installation.
✓ Environmentally Secure	Designed and tested for ensuring operation in extreme temperatures, to keep your application running.
✓ Added Safety	The transformer windings are enclosed, providing much needed safety for a critical application.
✓ Limited Lifetime Warranty*	Every product is backed by our limited lifetime warranty—unmatched in the industry—bringing you quality components that perform in the most demanding applications
✓ Guaranteed Same-Day Shipping*	Product availability reduces inventory and improves cash-flow—saving you money. With c3controls any order for standard catalog items received by 6:00pm ET is guaranteed to ship same day.
✓ Advantage Pricing	Our approach to product development, manufacturing, and focus on servicing the OEM and Electrical Equipment Builder reduces cost. The result—the best value in the industry.

UNIQUE FEATURES

Overcurrent Protection

- All our class 2 devices come with an overcurrent protection option, either inherent or non-inherent, eliminating the need for additional protection in a panel.

Class 2 Design

- Transformers up to 100VA are Class 2 certified making them the safest device in your control application.

Connect To Anything

- Primary and secondary wires are 10-inches long, making them easy to connect to a nearby load.

Color-Coded Wires

- Secondary as well as different taps on primary are uniquely color-coded to facilitate error-proof installation.

Versatile

- Options are available to offer multiple voltages: 120V to 480V on primary side in a single device, making it usable in a variety of applications and saving on your inventory.

CONTROL CIRCUIT TRANSFORMERS

SPECIFICATIONS

CONTROL CIRCUIT TRANSFORMER		
	UNITS	
ELECTRICAL/ GENERAL		
Rating	VA	20, 40, 50, 75, 100, 150, 240, 300
RATED VOLTAGE		
Primary	V	480/277/240/208/120
Secondary	V	24
OVERCURRENT PROTECTION		Inherently Protected, Fuse, Circuit Breaker, None (For Models Above 100VA)
MTBF	Hours	100,000
POWER FREQUENCY WITHSTAND VOLTAGE		
Primary		2.5kV RMS for 1 minute
Secondary	V	2.5kV RMS for 1 minute
ENVIRONMENTAL		
OPERATING TEMPERATURE	°C / °F	-34 to +60 / -30 to +140
WIRING		
Wire Size	AWG	16
Wire Length	Inch	10 (with 0.5-inches stripped)
COMPLIANCE		
Up to 100VA		UL 5085-3 (Class 2)
150VA and above		UL 5085-2
ROHS COMPLIANCE		
For documentation by product, refer to www.c3controls.com .		

*NOTE: Available on request, please consult factory.

CERTIFICATIONS

Conformity to Standards:

UL 5085-3, UL 5085-2
CCSA C22.2 No.66.3, CSA C22.2 No.66.2
IEC 61558

Certifications:

UL File#: E533585, E541700
CE Marked (As per EU Low Voltage Directive 2014/35/EU, and RoHS Directive 2015/863/EU)
