

HIGH DENSITY **TERMINAL BLOCKS**

SERIES TB PRODUCT PROFILE

c3controls' line of **High Density Terminal Blocks** are both innovative and user-friendly. They are available in multiple terminal points from 4, 6, and 12 in a single molded housing, are simple to install, and carry an electrical rating of 30A @ 600V AC (UL/CSA) and 30A @ 750V AC (IEC).

ENGINEERED TO HANDLE YOUR MOST COMPLEX WIRING APPLICATIONS.

✓ Proven	Our high density terminal blocks and shorting blocks meet UL and CSA standards, and are RoHS compliant.
✓ Multiple Wire Sizes	High density terminal blocks accommodate #18 to #10 AWG wires (0.34 – 4mm ²).
✓ Wide Range of Operation	A wide range of 4, 6, and 12 point circuit terminal blocks in a single molded housing rated for 600V, 30A continuous service.
✓ Convenient	c3controls high density terminal blocks are directly interchangeable with GE CR151 terminal blocks and our shorting blocks are directly interchangeable with GE EB27B06S terminal blocks.
✓ Wiring Made Easy	Wiring to the terminal blocks is made easy by unobstructed access to terminals and with screws in the fully backed-out position.
✓ Heavy-Duty Construction	We mold our terminal block housings from unbreakable thermoplastic and we use quality zinc plated brass and electrolytic copper for our metal parts for excellent conductivity and to minimize corrosion.
✓ Quick Identification	Terminal markers are available and can be hand marked or custom printed.
✓ Easy to Install	Available panel mounting or 35mm DIN rail mounting for easy assembly.
✓ Time Savings	Individual blocks can be quickly and easily added or removed without disturbing adjacent blocks. Only a screwdriver is required for removal.
✓ 36-Month Warranty*	Every product is backed by our 36-Month Warranty—giving you confidence in the quality, reliability, and performance of components designed for the most demanding applications.
✓ Guaranteed Same-Day Shipping*	Product availability reduces inventory, and improves cash-flow—saving you money. With c3controls any order for standard catalog items received by 6:00pm ET is guaranteed to ship same-day.
✓ Advantage Pricing	Our approach to product development, manufacturing, and focus on servicing the OEM and Electrical Equipment Builder reduces cost. The result—the best value in the industry.

UNIQUE PRODUCT LINE FEATURES

1. Multiple terminal points: 4, 6, or 12 in a single molded housing.
2. Out of the box and ready to install! Screws come in the backed out position with convenient spring-return open terminals for easy wiring.
3. Shorting block offers flexible options from 2, 4 and 6 pole in a single molded housing rated for 600V AC, 30A (unprepared wire) and 60A (prepared wire).
4. Rugged, corrosive resistant materials and 8 - 32 terminal screws.
5. Integrated 35mm DIN Rail snap and panel mounting geometry.
6. Integrated IP20 guarded terminals prevent accidental contact.
7. Large marking strip available that can be hand marked or custom printed.
8. Shorting block features a brass shorting strip to easily short terminals. Terminals can be shorted as per customer requirement.
9. Shorting block versions available with Thumb screws or Phillips screws with transparent cover.
